Noir and Blanc

Black and white. They are two undersides of you and me. They are two contradictory representatives that frequently affect your emotion.

Noir and Blanc live together play together, inseparable like a person and his shadow. Noir occasionally changes into Blanc and Blanc sometimes changes into Noir.

You can say they love each other. You can say they can't live alone without the other. You can even say they are a couple. But you have to understand. When there is love, there will also be hate.

Do it or Not!

Noir and Blanc can't stop fighting where there is some decision to make, some problem to solve. Their contradictory characteristics always push them to an endless war. Some day Noir wins their fight but Blanc may win the other day.

Who can stop them?
Who know who is true?
Perhaps who are you and I!

Noir

Noir is Black.
Noir has unlimited energy to do everything. His favorite word is "Yes!". He beloved action is "GO!". He is so energetic to keep you fight whatever it is good or not. Just GO! GO! GO!

Blanc

Blanc is White.
Unlike Noir. Blanc has no energy to do anything. His favorite word is "No!". He beloved action is "STOP!". He is so annoying to make you refuse to do something you should or should not do. Just Don't Do it! STOP IT! NO!!!!!!!!!
